

Cotton Advances On Covering and Trade Purchasing

Scattered Liquidation and Hedge Selling Absorbed at Opening Decline; Close Is 38 to 52 Points Lower

Some further scattering liquidation and Southern hedge selling was very readily absorbed at a moderate opening decline in the cotton market yesterday and prices rallied later on trade buying and covering.

There were three more private end-month crop reports, the first of which was more favorable than any previously issued, placing the condition at 52.1, and the total at 217,000,000 bales.
